# 1 CONTEXT

## 1.1 THE ACADEMY FOR RESEARCH AND HIGHER EDUCATION AND THE INTERNATIONAL RELATIONS

The Academy for research and higher education (*Académie de Recherche et d'Enseignement supérieur* – ARES) is the federation of higher education institutions (HEIs) in the Wallonia-Brussels Federation, the French-speaking Community of Belgium. As a public interest body, it is responsible for supporting institutions in their teaching, research and community service missions. It brings together 6 universities, 19 university colleges, 16 colleges of arts and 86 adult education colleges, it organises the dialogue and promotes their cooperation nationally and internationally.

As unique platform, ARES ensures global coordination for the higher education sector in the Wallonia-Brussels Federation.

Specifically ARES ensures the consistency of training provision and its relevance to the labour market; it supports HEIs in their visibility efforts and their international relations, and makes recommendations on scientific or artistic research policy. ARES provides information on higher education in the Wallonia-Brussels Federation. It also coordinates the commitment made by the institutions in lifelong learning, promoting student success or development cooperation. Finally, ARES collects and processes a set of scientific and statistical data related to the sector, with a view to monitoring, evaluating and improving practices with a concern for the quality of teaching and support for some 220,000 students registered in the HEIs.

ARES is the designated administrative body in charge of the implementation of the ASEM-DUO Fellowship Programme in the Wallonia-Brussels Federation, in collaboration with the ASEM-DUO Secretariat based in Seoul. It is responsible for every aspect of the administrative management of the programme including : the publication of the call for applications, the receipt of applications, the selection of the applicants, the production of all the documents related to the fellowship, the payment of grants, the receipt of the mission reports.

## 1.2 ASEM-DUO FELLOWSHIP PROGRAMME

A specific cooperation process between Asia and Europe in the field of education – and more specifically higher education – has been set up in the context of the Asia-Europe Meeting. The ministerial meetings, which are held alternatively in Europe and Asia, are until now the sole instrument for cooperation at a higher political level between the two continents. This mode of functioning inspires itself of the experience and best practices of the Bologna Process. During the Asia-Europe Meeting of Ministers of Education held in Kuala Lumpur in 2013, the Wallonia-Brussels Federation announced it would participate in the ASEM-DUO Fellowship Programme as of 2014.

Generally, the ASEM-DUO Fellowship Programme (dating from 2011) aims at:

- Promoting balanced mobility of higher education students and professors between the two regions,
- Setting up regular exchange programmes between HEIs,
- Reinforcing cooperation and dialogue across both regions.

ASEM-DUO is composed of sub-programmes through which the States offer “paired exchanges” for students or professors between partner institutions, one European and the other Asian.

DUO/Wallonia-Brussels has been established at the Wallonia-Brussels Federation in order **to promote “paired exchanges” between professors from Wallonia-Brussels HEIs and Asian ones**. The list of partner countries is: Australia, Bangladesh, Brunei, Cambodia, China, India, Indonesia, Japan, Kazakhstan, South Korea, Laos, Malaysia, Mongolia, Myanmar, New Zealand, Pakistan, Philippines, Russia, Singapore, Thailand, and Vietnam.

## 2 ASEM-DUO/WALLONIA-BRUSSELS 2017

### 2.1 WHO SHOULD APPLY?

Applicants must be **member of the academic or scientific staff** of an institution of Wallonia-Brussels HEI or an Asian HEI (i.e. they must be remunerated by the HEI and it must be their main occupation).

However, the following groups **are not entitled** for a fellowship:

- Students and PhD students ;
- Professors emeritus, honorary professors ;
- Temporary staff.

Exemptions are possible for the colleges of arts. The selection committee will assess on a case-by-case basis.

**The exchange is done by pairs** – one professor from a Wallonia-Brussels HEI is hosted by an Asian institution, whereas an Asian professor is hosted by a Wallonia-Brussels institution.

The **exchange** must necessarily take place **between the two same institutions**, but does **not need to take place in the same time span, nor between two identical departments**.

### 2.2 FUNDING AND DURATION

- The amount of the grant awarded to the pair of professors is 5,600€ per month for the two professors (or a **total amount of 17,000€** for a three-month exchange for the pair).
- This amount includes expenses linked to the exchange.
- The **grant will be paid off in instalments**; the last instalment is paid after both professors have submitted a joint mission report (maximum 4 pages).
