

## ■ Scholarships

### 1. Qualification

- 1) Promising students who have average GPA of over 2.7 (undergraduate) or 3.3 (graduate) but have financial difficulties to pay for tuitions
- 2) Students who meet specific criteria of a Scholarship Committee or Foundation
- 3) For freshmen, those who are qualified for the scholarship criteria set by the principal

### 2. Disqualification

- 1) In case the scholarship application form is not submitted
- 2) In case a student is taking time off from the school (If a student takes time off after he/she enrolls in as scholarship recipient, his/her status is maintained.)
- 3) In case a student is given discrepancy action
- 4) In case a student is regarded as disqualified for some reason
- 5) In case it has not been a year since a student's discrepancy action is expired
- 6) In case a student submits the application form with false information
- 7) In case a student does not hold a qualified position for specific scholarship any longer

### 3. Period

- 1) In principle, all scholarships are provided once every semester. However, if there is a specific rule, the period of receiving scholarships can be a year or years until graduation.
- 2) If there is no exceptional rule, the number of giving scholarships for an undergraduate cannot exceed 8 times. For masters and Ph.D. students, it cannot exceed 4 times.

### 4. Application and Selection Procedure

- 1) Application period
  - 1st semester: In the middle of November (in the previous semester)
  - 2nd semester: In early May
  - \* The information about scholarship application period is offered in the Semester Schedule. For freshmen, it is provided in the guidelines for prospect students.
- 2) Students who want to apply for scholarships need to do the following steps:  
mysnu → administration → registration/scholarships → scholarships → fill out the

scholarships application form → apply and save → print the application form → submit the form with relevant documents to department office

- Freshmen and those without the current registration status who plan to enroll in need to write the application form and submit it with other documents. (since they cannot apply through the Internet portal)

3) men of national merits and his descendents, those receiving basic living subsidies, and those from poor households need to individually apply for national scholarships provided by Korea Scholarships Foundation.

4) In case a student is apply for national scholarships, it is regarded that he/she is applying for college-specific scholarships (based on household income level).

5) Taking into account the application form, financial status, GPA, and recommendation from advisors and dean of department, the university president confirms beneficiaries.

### <Application Documents>

(1) Scholarships application card (undergraduate) and Scholarships application form (graduate)

(2) Receipt for health insurance fee (for both parents. in case only one of parents pays health insurance fee, 1 copy of health insurance certificate should be attached.)

(3) Other required documents

※ Those who do not apply for scholarships are excluded from any opportunities to be benefited from college and external scholarships.

※ Please contact each department office or the department of scholarships(880-5079, 5078) for more details.

### 5. How scholarships are given to beneficiaries

1) Merit-based scholarship and scholarship for the exempted is written on the tuition bill and exempted. If not applicable, a substitute certificate for scholarship can be issued. For scholarship for working in department and scholarship for TA and RA (in the form of monthly stipend) is made the deposit into a student's account.

2) External scholarships are put directly into a student's account. In some cases, it is directly given to each student by external scholarship foundation.

### 6. Restriction on scholarship offer

A student cannot receive dual scholarships. However, if a student receives multiple

scholarships of which the total amount does not exceed tuition or receives scholarship for working in department, multiple scholarships can be exceptionally permitted.
